

Chatham County Council on Aging Referral Program Information Sitter List

Private Duty in Home (Sitter) Services Council on Aging 365 Highway 87 N Pittsboro, NC 27312	Phone: (919) 542-4512 Susan Hardy Fax: (919) 542-5191 E-Mail: susan.hardy@chathamcoa.org 8:00 am to 5:00 pm Monday through Friday
---	--

Program Description:

Attached is a listing of persons available for private duty positions for respite and personal care in the home. **Persons listed are not employees, nor are they acting as agents of the Chatham County Council on Aging.** We offer this list merely as information on persons who have indicated they are available for employment in the home caring for older adults. **We strongly recommend that interviews be conducted and references be checked before offering employment.**

A criminal background check has been completed for these individuals, and no prior criminal record was found for any of them.

In considering use of a sitter, we encourage you to:

- Conduct interviews with several potential sitters
- Ask for references, including other clients who have used their services (these other clients should have given their permission to be contacted)
- In checking with references, ask about the sitter's reliability (for example, Do they show up as promised? Do they do what is appropriately asked of them?), trustworthiness, caring attitude, and other traits and areas of performance that are important to you
- If you are seeking someone to provide personal care, you may want to double check with the State's Health Care Personnel Registry at <http://www.ncdhhs.gov/dhsr/hcpr/index.html>. The Health Care Personnel Registry Section operates under state and federal laws for unlicensed health care workers and their employers. It is designed to list certified nursing assistants (CNAs) and indicate if there are any pending investigations or substantiated findings related to them
- Search online for additional tips on assessing and using a companion sitter or caregiver in the home.
