### Program Description:

Attached is a listing of persons available for private duty positions for house cleaning. **Persons listed are not employees, nor are they acting as agents of the Chatham County Council on Aging.** We offer this list merely as information on persons who have indicated they are available for employment in the home cleaning for older adults.

**We strongly recommend that interviews be conducted and references be checked before offering employment.**

A criminal background check has been completed for these individuals, and no prior criminal record was found for any of them.
